THREAT LEVEL SUMMARY

Domain	Level	Trend
Physical Security	ELEVATED	Stable
Civil Unrest	MODERATE	Active
Cyber / Fraud	HIGH	Active
Weather	HIGH	Imminent
Travel / Mobility	MODERATE	Watch

BOTTOM LINE: Sunday presents a multi-threat convergence. **WEATHER** is the primary operational concern: NWS Austin is tracking precipitable water values near the 99th percentile (2.20–2.50 inches), WPC Level 1 of 4 excessive rainfall risk today with isolated flash flooding possible — especially Monday as the cold front arrives (Level 2 of 4). Early morning streamer showers are possible now; afternoon thunderstorms likely with heavy downpours and frequent lightning. Outdoor pool and F&B; exposure is high — activate weather contingency now. **CIVIL UNREST** is the secondary concern: 'No Kings' nationwide protests mark Trump's 80th birthday at 2,000+ locations. Austin Capitol/Congress Ave corridor is a confirmed protest focal point — today's format is cultural/hybrid (watch parties + local gatherings), generally peaceful but counter-protest interaction remains possible. U.S.-Iran MOU status: Trump announced signing 'today' but Iran's IRGC and FM spokesman both say Sunday signing 'absolutely not happening' — Qatar negotiators flew to Tehran overnight. Deal imminent, not confirmed signed. Cyber retaliation risk HIGH until signed. FIFA WC Day 4: Germany vs. Curaçao in Houston (noon CDT), Netherlands vs. Japan in Dallas (3 PM CDT). No Austin-area host venue. APD tasing death body camera footage released — Travis County DA criminal investigation confirmed underway. Austin events tonight: lighter landscape — Struggle Jennings (Come and Take It Live), Yebba (Emo's), Joe Jackson (Paramount). Flag Day observed nationally.

'No Kings' Nationwide Protest — Trump's 80th Birthday (Austin Watch): The 'No Kings' movement is holding its fourth large-scale national mobilization today, timed to President Trump's 80th birthday. Over 2,000 locations nationwide registered, organized by 50501, Indivisible, and the Committee for the First Amendment. Today's format is hybrid/cultural — primary anchor is a 90-minute livestream concert 'Rise Up, Sing Out' at New York's Town Hall, with watch parties and local gatherings at registered sites nationwide. Previous June 2025 mobilization drew ~5 million participants. TODAY'S FORMAT: Organizers describe today as a 'cultural protest' — less street march energy, more watch parties and community gatherings. Generally peaceful. However, counter-protest interaction with far-right groups has produced isolated clashes at past No Kings events, and the Austin Capitol/Congress corridor is a historically active gathering point. White House is simultaneously hosting a UFC cage-fight on the South Lawn for Trump's birthday. AUSTIN SPECIFIC: Austin is a confirmed No Kings location (Indivisible Austin chapter active). Expect gathering activity at or near Texas State Capitol (1.1 mi N). Congress Ave corridor elevated foot traffic. Monitor X and Telegram for real-time Austin event updates. Property staff: maintain non-engagement posture toward political gatherings. If protest activity approaches hotel perimeter: notify security supervisor.

U.S.-Iran MOU — Signing Standoff (Today vs. 'Next Few Days'): Trump posted Saturday on Truth Social: 'The Deal is scheduled to be signed tomorrow' (June 14). Qatar negotiators flew to Tehran overnight Sunday to assist in finalizing. Iran's IRGC stated via Telegram that Sunday signing is 'absolutely not happening' and characterized Trump's insistence as 'unusual stubbornness.' Iran FM spokesman Baghaei: 'It may not happen tomorrow, but we cannot rule out the possibility of it occurring within the next few days.' A virtual/electronic signing format is the current plan — VP Vance and Iran's Speaker Ghalibaf were originally expected to sign in person but Trump's G7 schedule forced a remote format. WHAT THE MOU COVERS: 60-day ceasefire extension; Strait of Hormuz reopening; U.S. naval blockade lifted; Iran commits to nuclear program dismantlement talks; Iran stops funding proxy groups; staged sanction relief. No cash payment at signing. AUSTIN RELEVANCE: If MOU is signed today, expect Iranian diaspora response (both celebratory and protest) in Austin/UT corridor. Oil prices will drop further. Iranian cyber retaliation risk declines significantly upon signing but remains elevated until Strait formally reopens. Brief all guest-facing staff: WC-themed phishing and cyber threats remain active — do not assume normalized environment.

FIFA World Cup 2026 — Day 4 (Houston & Dallas Matches; Watch Party Traffic): Day 4 schedule: Germany vs. Curaçao (NRG Stadium, Houston, noon CDT, FOX), Netherlands vs. Japan (AT&T Stadium, Dallas, 3 PM CDT, FOX), Ivory Coast vs. Ecuador (Philadelphia, 7 PM CDT), Sweden vs. Tunisia (Guadalajara, Mexico, 9 PM CDT). Germany in Houston is the strongest Austin watch draw — large German-American and soccer enthusiast community. Hotel bar elevated demand noon–4 PM. Netherlands-Japan at 3 PM CDT adds continuous watch window through early evening. NOTABLE: Two WC matches in Texas today (Houston, Dallas). No Austin-area host venue but fan travel between cities may generate rideshare traffic. WC SECURITY: WC cyber threat posture unchanged — 10,000+ malicious domains active, Chinese PRC MitM phishing kit operational. Zero-click, zero-QR posture for all staff. Next U.S. match: June 16 vs. Australia (next maximum threat window).

APD Tasing Death — Body Camera Released; DA Investigation Confirmed: APD released body camera footage Saturday afternoon and formally identified the deceased as Josh Ryan Trumble, 32, who died June 6 after being tased during an arrest. Seven officers identified and placed on administrative leave. APD Chief Lisa Davis released the footage as part of transparency protocols. Two concurrent investigations: (1) Criminal investigation by APD's Special Investigations Unit with Travis County DA's Office — this is new and significant, elevating community response potential; (2) Administrative investigation by Internal Affairs with oversight from Austin Police Oversight. No charges pending; toxicology pending. COMBINED WITH NO KINGS PROTESTS today: The convergence of a national anti-authoritarian protest day and an active in-custody death investigation in Austin elevates the potential for larger-than-expected gathering at the Capitol/Congress corridor. Exterior staff non-engagement posture. APD non-emergency: (512) 974-5000.

Karmelo Anthony Day 6 — Charleston White Fallout / 'Innocence Video' Circulating: Day 6 post-verdict. Charleston White's public split from the Anthony family continues to dominate social media coverage — parents reportedly forced to return fundraiser money to supporters after White alleged misappropriation. A 'video proving Karmelo's innocence' is circulating on social media and generating renewed engagement. The narrative is shifting from protest mobilization to internal

coalition conflict. No organized Austin protest activity planned. LOW watch. Continue reduced monitoring of X and Telegram.

2B — Civil Unrest / Protest Activity

'No Kings' Nationwide Protest (Austin) — MODERATE / Active (Texas State Capitol, Congress Ave & E 11th St (1.1 mi N) / Downtown Austin) — 2,000+ national locations. Austin chapter confirmed active. Today's format is cultural/hybrid — watch parties, community gatherings, livestream of NY concert. Generally peaceful but counter-protest interaction possible. Expect elevated foot traffic on Congress Ave from late morning through afternoon. Monitor X and Telegram for real-time Austin event updates. If gathering activity approaches hotel perimeter: notify security supervisor immediately. Non-engagement posture for all exterior staff. APD non-emergency: (512) 974-5000.

APD Tasing Death — DA Investigation + 'No Kings' Convergence (Downtown Austin / APD HQ / Capitol area) — Body cam released; Travis County DA criminal investigation confirmed. Combined with No Kings protest day: potential for larger-than-expected gathering at Capitol/Congress corridor incorporating both issues. Monitor for spontaneous expansion of No Kings activity to include local police accountability theme.

2C — National Security Context

- NO KINGS NATIONAL PROTEST DAY: 2,000+ locations nationwide on Trump's 80th birthday. Cultural/hybrid format anchored by 'Rise Up, Sing Out' livestream concert in NY. Trump hosting UFC cage fight on White House South Lawn. Generally peaceful protests expected but counter-protest interactions possible at some locations.
- US-IRAN MOU — IMMINENT: Trump announced June 14 signing; Iran's IRGC and FM spokesman dispute Sunday timeline. Qatar mediators flew to Tehran overnight. Deal covers ceasefire, Strait reopening, nuclear dismantlement talks. Electronic/virtual signing format. Could be signed at any moment.
- FIFA WC DAY 4: Germany-Curaçao (Houston, noon CDT), Netherlands-Japan (Dallas, 3 PM CDT), Ivory Coast-Ecuador (Philadelphia, 7 PM CDT), Sweden-Tunisia (Guadalajara, 9 PM CDT). Australia beat Turkey 2-0 overnight. Scotland beat Haiti 1-0. Brazil drew Morocco 1-1.
- APD TASING DEATH: Body cam released; Travis County DA criminal investigation confirmed. Seven officers identified. Community and national attention elevated due to No Kings protest day convergence.
- KNICKS NBA FINALS WIN AFTERMATH: Violent celebrations in NYC — teen shot in Times Square, cop car vandalized. NYPD making arrests. San Antonio Frost Bank Center hosted Game 5; statewide major event security posture elevated weekend.
