THREAT LEVEL SUMMARY

Domain	Level	Trend
Physical Security	AMBER	STABLE
Civil Unrest	GREEN	WATCH
Cyber	AMBER	ELEVATED
Weather	GREEN	STABLE
Travel	GREEN	STABLE

BOTTOM LINE: EARLY VOTING OPENS, MODERATE EVENT LOAD, AMBER NIGHTLIFE AND CYBER AWARENESS — No significant downtown disturbance surfaced in open-source reporting for Oct 17-18 (absence of reporting is not proof of absence). Today is dry and mild: crisp start near 50F, high about 78-80F, light east/southeast winds, no advisories. Early voting begins in Travis County today (7 AM-7 PM daily through Oct 30; Austin City Hall at 301 W 2nd St is about 0.4 mi away), so expect added foot traffic and voter-outreach activity downtown. Events: Staind, Seether, Hoobastank and Hinder at Moody Center (6 PM; egress about 10 PM), Snarky Puppy at ACL Live (8 PM, ~0.3 mi), Monday-night block party on Rainey Street (5-11 PM, ~0.2 mi). Physical risk stays AMBER: the Oct 16 in-vehicle shooting at W 10th and N Lamar remains under investigation (a possible suspect was questioned; no charges or identities released); the Oct 13 bomb-note bank robbery at 111 Congress Ave is closed by arrest; the Sep 16 cluster of five suspected opioid overdoses outside a Sixth Street bar (fentanyl suspected) led APD and EMS to distribute Narcan to bars; and the Mar 1 Sixth Street attack (FBI: potential terrorism, Iran-war context) remains the bar-close precedent. Cyber stays AMBER: hotel-targeted fake guest-complaint emails (Cofense) and Wi-Fi captive-portal credential theft (Microsoft, resumed Sep 29) are active. US-Iran: no settlement; State Department urged heightened vigilance Oct 18-19 and warned Iran or its proxies may target US interests worldwide, but no DHS or FBI bulletin naming Austin or a specific homeland threat was found.

SECTION 2 — LOCAL THREAT PICTURE

2A — Active Incidents (Past 72 Hours)

Sources: CBS Austin / KEYE — Oct 16 shooting, APD — Oct 13 bank robbery arrest, CBS Austin — Sep 16 Sixth Street overdoses, KTEP/AP — Mar 1 Sixth Street attack, Cofense via Cybersecurity News — fake guest complaints

Incident	Location	Relevance
DOWNTOWN VIOLENCE / ROBBERY PATTERN - ONGOING	W 10th & N Lamar (~0.9 mi NW); 111 Congress Ave (~0.2 mi); E 6th & Sabine	The Congress Ave bank is roughly 0.2 mi from the property; the suspect is in custody, so no ongoing threat, but expect continued APD presence. The Oct 16 shooting appears targeted (occupants knew each other) rather than a random-public threat. The recurring pattern is armed robbery and shootings in the bar-close window (about 1:30-3:00 AM, Friday-Sunday), so keep concierge and valet steering late walkers to rideshare.

Incident	Location	Relevance
SIXTH STREET OVERDOSE CLUSTER (SEP 16) - NARCAN PUSH	300 block E 6th St (~0.5 mi N/NE); Sixth Street entertainment district	Guests and staff who visit Sixth Street or Rainey Street venues could be exposed to contaminated drugs. Ensure bar, F&B;, security and door staff know the signs of opioid overdose (small pupils, unresponsiveness, clammy skin), call 911 first, and know where on-property naloxone and AED equipment are located.
SIXTH STREET ATTACK PRECEDENT / US-IRAN WAR CONTEXT	W 6th & Rio Grande (~0.7 mi NW); national / Gulf region	No credible, specific threat to Austin or the property is identified today, and no DHS or FBI bulletin naming a new homeland threat was found for Oct 18-19. The Mar 1 attack is why bar-close hours and entertainment-district crowds stay on the AMBER watch list: a lone actor tied to events abroad struck a crowded location. Escalation or a breakdown in talks is the trigger to reassess posture.
HOSPITALITY CYBER CAMPAIGNS TARGETING HOTEL STAFF	Front desk, reservations, guest-relations inboxes; guest Wi-Fi	No compromise of the property is known. Front desk, reservations and concierge are the intended targets. Staff should not open complaint-email attachments or 'photo' links, and should report any captive-portal prompt asking for a software update or a device code. Ask IT to confirm MFA and conditional access on staff accounts.

DOWNTOWN VIOLENCE / ROBBERY PATTERN - ONGOING: (1) Oct 16, ~7:18 PM: a driver was shot by someone inside his moving vehicle and crashed near W 10th St and N Lamar Blvd. APD said everyone in the vehicle knew each other and a possible suspect was questioned; no charges or identities have been released. (2) Oct 13, 4:44 PM: Wells Fargo at 111 Congress Ave was robbed after a note claimed a bomb; an officer arrested Makiya Johnson, 26, 1 minute 54 seconds after the call, less than two blocks away. He faces two counts of robbery by threat and had a warrant for an Oct 10 aggravated robbery in a neighboring jurisdiction. No device was reported. (3) Sep 13, bar close at E 6th and Sabine: three off-duty soldiers were robbed at gunpoint (one shot, survived); three suspects were arrested Sep 22. No new downtown violent incident was found in open-source reporting for Oct 17-19.

SIXTH STREET OVERDOSE CLUSTER (SEP 16) - NARCAN PUSH: About 2:20 AM on Sep 16, five adults were treated for suspected opioid overdoses in and around Shakespeare's Pub (300 block of E 6th St); one was in respiratory arrest and several needed multiple Narcan doses; four were hospitalized in stable condition and no deaths were reported. APD suspects a 'bad batch' and later said fentanyl was believed involved; officials called it the first multi-patient overdose event downtown since the spring 2024 surge. APD, Austin Public Health and EMS then distributed hundreds of Narcan kits to Sixth Street bars. Anyone with information can call Crime Stoppers at (512) 472-8477.

SIXTH STREET ATTACK PRECEDENT / US-IRAN WAR CONTEXT: On Mar 1, a gunman fired from an SUV and then on foot outside Buford's at W 6th and Rio Grande at about 1:59 AM, a day after the US-Israeli offensive on Iran began. Three people died (including the gunman, killed by APD within about a minute) and 14 were hospitalized; the FBI treated it as potential terrorism. The war is about seven and a half months old. The June memorandum collapsed; Iran says its seven-day Strait of Hormuz reopening plan is still on the table but demands guarantees; President Trump rejected it Saturday but expects further talks this week, and Iran's president calls talks 'meaningless'. On Oct 18-19 the State Department urged Americans in the Middle East to exercise heightened vigilance and said Iran or groups supportive of it may target US interests worldwide; Houthi-Saudi hostilities are disrupting regional airports. Reporting is contradictory and there is no ceasefire in force.

HOSPITALITY CYBER CAMPAIGNS TARGETING HOTEL STAFF: Two active campaigns: (1) Cofense (Oct 7) reports fake guest complaints and negative-review emails with links to a 'photo or video' that is really a Windows shortcut disguised as a JPG; it installs Node.js and the EtherRAT or TONResolver remote-access malware. (2) Microsoft says Storm-2945, a Midnight Blizzard (Russia SVR-linked) sub-cluster, resumed its CaptiveCrunch campaign Sep 29, tampering with hotel Wi-Fi captive portals to push fake updates and device-code login prompts that steal Microsoft 365 sessions; reporting ties

the activity to managed service providers serving seven of the ten largest US hotel chains.

2B — Civil Unrest / Protest Activity

Sources: Travis County Elections — early voting, KVUE — Capitol protest after ICE shooting

Early Voting Begins - Travis County (Austin City Hall, 301 W 2nd St (~0.4 mi); Travis County Civil & Family Courts, 1700 Guadalupe St) — Early voting in Travis County runs Oct 19-30, 7 AM-7 PM daily, at any county early-voting site; Election Day is Tuesday Nov 3. Austin City Hall (301 W 2nd St) and the Civil and Family Courts Facility (1700 Guadalupe St) are the nearest sites. Expect higher foot and vehicle traffic in the Second Street district, plus voter-outreach, campaign and advocacy activity. Saturday's Austin No Kings event was a peaceful election fair, not a march; no downtown demonstration is announced for today.

Anti-ICE / Capitol-Area Activity (Texas Capitol (~0.5 mi N); North Austin) — Tension persists after the Sep 20 shooting of Wilber Rafael Garces Perez by an ICE officer. Sep 20-21 protests near Anderson Square and Research Blvd turned confrontational (rocks and bottles thrown, pepper balls used, four arrests), while Capitol gatherings of about 100-200 were peaceful and dispersed shortly after 9 PM. Congress held a hearing on ICE's actions Oct 15. No specific downtown action is announced for today; flash demonstrations remain possible (Capitol grounds close 8 PM).

2C — National Security Context

- US-Iran war (about seven and a half months): no settlement in force. Iran says its seven-day Strait of Hormuz plan is still on the table but demands guarantees; Trump rejected it Saturday yet expects talks this week; Qatar is mediating and Brent crude is above about $106. On Oct 18-19 the State Department urged heightened vigilance for Americans in the Middle East and warned Iran or its proxies may target US interests worldwide. No DHS/FBI homeland bulletin naming Austin was found. Austin has a direct precedent: the Mar 1 Sixth Street attack.
- Political climate: early voting starts today (Oct 19-30); Election Day is Nov 3. Anti-ICE tension in Austin persists after the Sep 20 Garces Perez shooting, though recent Capitol gatherings have been small and peaceful.
- Cyber: hospitality is a high-volume ransomware and phishing target (Qilin, Akira, Play, LockBit lead sector claims), with Midnight Blizzard hotel Wi-Fi and fake guest-complaint campaigns active this month.

SECTION 4 — PROPERTY-SPECIFIC SECURITY REMINDERS

- BRIEF door, valet and concierge on Staind/Seether egress (about 10:00 PM, Moody Center, ~1.6 mi N) and the Rainey Street Monday block party (5-11 PM, ~0.2 mi E): allow extra time for guests heading to events and expect rideshare congestion near Rainey and Cesar Chavez.
- EXPECT added foot and vehicle traffic around Austin City Hall (301 W 2nd St) for early voting (7 AM-7 PM): keep drop-off lanes clear and brief staff that outreach and canvassing activity is normal and lawful on public sidewalks.
- BRIEF front desk, reservations and concierge on the guest-complaint phishing campaign: do not open attachments or 'photo/video' links in complaint or review emails; forward to IT and Security. Report any guest Wi-Fi portal prompt for a software update or device code.
- ASK IT to confirm MFA and conditional access on staff Microsoft 365 accounts and to check the guest Wi-Fi captive portal and managed-service-provider alerts.
- REMIND bar, food-and-beverage, door and security staff of opioid-overdose signs and the 911-first, Narcan and AED procedure following the Sixth Street overdose cluster; steer late-night walkers to rideshare after dark, especially around E 6th, Rainey and Red River.
- MONITOR the Texas Capitol for flash demonstrations (grounds close 8 PM) and Iran-war headlines; escalate to the duty supervisor if crowds exceed 200 or move toward downtown, or if DHS/FBI issue a new bulletin.
- VERIFY CCTV, door locks and panic buttons; ensure the supervisor has APD Downtown Division (512) 974-5200.
- REMIND outdoor F&B; and pool staff of UV (index about 5): water and shade for guests; heat-awareness resumes late this week.
