Karmelo Anthony Trial — Defense Opens (Day 4): Defense begins presenting its case Monday 9 AM after prosecution rested Saturday following 21 witnesses. Defense argument centers on self-defense: Anthony's team will argue Metcalf was the aggressor and that Frisco ISD had no policy barring athletes from other teams' tents. Key defense moves expected: (1) challenge credibility of teen witnesses, (2) present SRO bodycam in full context, (3) humanize Anthony. All-white jury controversy continues — social media polarization at peak. Multiple civil rights groups calling for mistrial on jury composition grounds. Legal analysts say full acquittal unlikely; manslaughter conviction or hung jury most probable outcomes. Austin protest watch: monitor Capitol/Congress Ave corridor and social media for mobilization tied to verdict. Trial expected to continue through ~June 16–20.

Texas Longhorns CWS Celebration — Post-Sweep Activity: Texas swept Oregon Sunday (Game 2: 6-5 walk-off style) to advance to the Men's College World Series in Omaha (June 12). Post-game celebration activity on UT campus and 6th Street entertainment district reported Sunday night through early Monday. Residual bar and restaurant traffic elevated through midday Monday. No specific unrest indicators; standard post-major-win crowd management applies. Brief valet/lobby staff on elevated walk-in requests and ride-share demand through 1 PM Monday.

Madison Beer — Moody Center ATX (The 1976 Tour): Madison Beer with Thuy and Lulu Simon — Monday evening concert at Moody Center (15,000 cap). Doors estimated 7 PM, show 8 PM. UT corridor and Guadalupe St congested 6–10 PM. Primarily 18–30 female demographic — elevated rideshare demand post-show (10:30 PM–midnight). Standard concert crowd management applies. Secondary event: Metric with Broken Social Scene and Stars at Moody Amphitheater (6:30 PM, outdoor — weather-dependent).

NYC Penn Station Mass Stabbing — Soft-Target Advisory: Five people stabbed at Penn Station Sunday; suspect arrested. Mass-casualty knife attack in a major transit hub reinforces the current soft-target threat environment nationally — particularly in crowded venue lobbies, hotel entrances, and event ingress/egress points. No Austin or Four Seasons nexus. Pattern alert: Combine with Toledo festival shooting (June 6) and FIFA WC threat window — maintain heightened lobby and valet situational awareness. Brief door and security staff on spontaneous violence indicators.

2B — Civil Unrest / Protest Activity

Karmelo Anthony Trial — Defense Phase; Austin Protest Watch Active (McKinney TX (trial) / Austin Capitol/Congress Ave (monitor)) — As defense opens, social media activity around Austin-area demonstration planning is at its highest point since trial began. Civil rights groups have publicly criticized the all-white jury selection. Defense argument (self-defense) likely to inflame both sides of the debate simultaneously. Verdict-reactive protest planning observed across multiple platforms targeting Austin. Monitor UT campus, Capitol grounds, and Congress Ave corridor. No confirmed permitted march for today but spontaneous gathering risk elevated during and after major trial developments.

FIFA WC — Iranian Diaspora Protest (Los Angeles) (Los Angeles (national awareness); Austin monitor) — 200+ Iranian diaspora protesters gathered outside LA Stadium Sunday ahead of Iran's first WC match (June 15 vs. New Zealand). Protesters waved pre-revolutionary 'Lion and Sun' flags; FIFA reportedly considering banning the flag inside venues. Separate geopolitical context: Israel confirmed strikes on Iranian 'defense systems.' No Austin nexus but signals protest activity pattern will intensify as WC progresses. Elevates baseline threat posture for any Iran-related community events locally.

2C — National Security Context

- FIFA World Cup 2026 — T-3 days to June 11 kickoff (LA/NY/Dallas). Threat window now at peak intensity. FBI/DHS soft-target and cyber advisories elevated for major hospitality properties. Iranian diaspora protests began Sunday at LA Stadium — pattern will intensify through tournament.
- NYC Penn Station Stabbing (June 7) — 5 victims, suspect arrested. Combined with Toledo festival shooting (June 6), represents back-to-back mass-casualty incidents at high-density public spaces. Reinforces soft-target threat pattern nationally entering FIFA WC period.
- Karmelo Anthony Trial — Defense opens. All-white jury controversy; civil rights groups calling for mistrial. High social media polarization. Verdict-reactive protest mobilization planning active online for Austin. Monitor through verdict (~June 16–20).
- Supreme Court Order List — Monday 9:30 AM. SCOTUS Building closed to public (Historical Society event). Any major controversial ruling today could trigger rapid protest activity. Monitor SCOTUS Twitter/social media at 9:30 AM alongside trial developments.
