THREAT LEVEL SUMMARY

Domain	Level	Trend
Physical Security	ELEVATED	Increasing
Civil Unrest	LOW	Stable
Cyber / Fraud	MODERATE	Declining
Weather	HIGH	Active
Travel / Mobility	MODERATE	Stable

BOTTOM LINE: Wednesday shifts from flood recovery to extreme heat operations. Flood Watch has been cancelled — dry, sunny conditions return with a high near 92°F and heat index reaching 103°F today. An Extreme Heat Warning is issued for Thursday with heat indices up to 112°F in the region; Heat Advisory expected for Austin. Physical Security is elevated due to two active APD homicide investigations: an AutoZone robbery-murder on E. Riverside (suspect at large, Hispanic male 15-20 yrs, gray hoodie, light sedan) and a double homicide on Oltorf St. I-35 hit-and-run suspect vehicle still at large. US-Iran MOU formal signing is confirmed Friday at Burgenstock, Switzerland — oil sanctions waived on signing, Strait of Hormuz naval blockade lifts. Downtown is active tonight: Audrey Hobert at ACL Live (HIGH demand, ~2,750 seats), Thievery Corporation at Emo's East, The Church at Long Center. FIFA WC Day 7: England vs. Croatia (3 PM CDT, Dallas).

SECTION 1 — WEATHER & ENVIRONMENTAL

Source: [NWS Austin/San Antonio Area Forecast Discussion, June 17, 2026](#)

Parameter	Value
Today's High	92°F (mostly sunny; heat index up to 103°F)
Overnight Low	78°F (increasing clouds overnight)
Humidity	Decreasing — still elevated; dewpoint ~72-74°F
Wind	Calm to SSE 5 mph afternoon
Sky	Mostly sunny; increasing clouds overnight
Precipitation	~10% chance isolated afternoon shower; drying out rapidly
Dewpoint	72-74°F (tropical airmass residual; slowly improving)

Operator Notes:

- FLOOD WATCH CANCELLED — NWS Austin cancelled Flood Watch as of late Tuesday PM. Tropical disturbance has shifted E toward TX/LA border (Potential TC One). Austin is now drying out rapidly. Road conditions expected clear by mid-morning.
- HEAT OPERATIONS — CRITICAL: Today high 92F with heat index up to 103F is hazardous for prolonged outdoor exposure. Activate heat protocol for outdoor staff NOW. Pre-position hydration stations at pool deck, valet, and outdoor event areas. Heat illness risk is elevated as body has not adapted after weeks of cool/wet conditions.
- EXTREME HEAT WARNING THURSDAY: Heat index values up to 112F issued by NWS for portions of South/Central TX noon-8 PM CDT Thursday. Heat Advisory expected for Austin proper. Thursday is the most dangerous heat day of the forecast period — brief ALL outdoor staff Thursday AM; enforce mandatory hydration and shade breaks.
- LOOK AHEAD: Friday heat index remains 105-115F in some areas; possible additional Heat Advisory. Rain chances return Friday-weekend from new system. Tropical moisture residuals keep humidity elevated through the week.

AutoZone Robbery-Homicide — E. Riverside Dr (Suspect At Large): APD is investigating the robbery-homicide of Jose Salgado-Amador, 28, who was working as a mechanic in the AutoZone parking lot at 2300 E. Riverside Dr when a suspect confronted him, demanded property, shot him, and fled. Incident: Monday June 16, approximately 10:47 PM. Victim transported to hospital and later died — Austin's 27th homicide of 2026. SUSPECT: Hispanic male, approximately 15-20 years old, wearing a gray hoodie, fled in a light-colored sedan — at large as of 0500 CDT June 17. This location is approximately 1.5 mi SE of the property on E. Riverside corridor (also Rainey St access corridor). Brief security staff and valet; report suspect sightings to APD: 512-477-3588 or Crime Stoppers: (512) 472-8477.

Double Homicide — Oltorf St SE Austin (Husband/Wife; Active Investigation): APD is investigating Austin's 28th homicide of 2026 — a husband and wife found dead at 4700 block Oltorf St following a welfare check on June 16. Officers responded at 6:20 PM, found both deceased inside the residence. An aggressive dog delayed entry; no weapon information released; investigation active. No nexus to property identified. Location is 2.5 mi SE in a residential area. Staff awareness — no property action required; monitor for any updates that change proximity assessment.

I-35 Hit-and-Run Homicide — APD Vehicular Homicide (Active): APD Vehicular Homicide Unit continues investigation of fatal hit-and-run from Friday June 13 (~11:35 PM) at 600 block N. I-35 southbound service road. Suspect vehicle: 2011-2015 gray or silver Hyundai Sonata, front-end damage, missing right headlight — at large as of 0500 CDT. No arrest made. Brief valet and security staff to report sightings to APD non-emergency: (512) 974-5000.

Extreme Heat Warning — Thursday June 18 (Heat Index Up to 112°F): NWS Austin/San Antonio has issued an Extreme Heat Warning for portions of Central Texas from noon to 8 PM CDT Thursday June 18. Dangerously hot conditions with heat index values up to 112°F expected. This is the first significant heat event of summer 2026 — risk is higher as populations have had little time to acclimatize. Today (Wednesday): High 92°F, heat index up to 103°F — already hazardous for prolonged outdoor activity. PROPERTY ACTIONS: Activate heat protocol for all outdoor staff today; pre-position hydration stations poolside and at valet; review heat illness SOP and escalation; brief AM shift on heat index criteria for outdoor operations. Do NOT restore full outdoor F&B;/pool service without confirming cooling stations available. High bacteria levels in area waterways — no swimming in open water.

US-Iran MOU — Formal Signing Friday at Burgenstock, Switzerland: The US-Iran MOU formal signing ceremony is confirmed for Friday June 19 at Burgenstock resort, Switzerland (venue changed from Geneva for security reasons; G7 summit was in nearby Evian, France). VP Vance and Iranian Parliament Speaker Ghalibaf will sign. Key MOU terms per Bloomberg draft: oil sanctions waived immediately on signing; \$300B reconstruction fund; US lifts naval blockade immediately; Iran resumes commercial shipping within 30 days; 60-day negotiation window on nuclear program begins. Text disputed — both sides claiming victory. Trump says Strait of Hormuz 'completely open' once signed; 'ships already loading.' Austin relevance: Iranian cyber threat continues declining; maintain zero-click, zero-QR posture through Friday signing. After signing: posture can begin normalizing if no retaliatory incidents. Juneteenth Week Friday + MOU signing = potential Iranian diaspora gatherings near UT/downtown Friday.

Business Jet Crash — Laredo, TX (Austin-Bound Flight): A NetJets Cessna Citation Latitude business jet en route to Austin from San Jose del Cabo, Mexico, declared a mechanical emergency and crash-landed on Loop 20 in Laredo Tuesday evening (~10 PM). The aircraft lost communication with ATC and struck a moving vehicle on the highway. 1 fatality; multiple injured including 5 responding officers transported to hospital. FBI, NTSB, and FAA on scene. Passengers from an Austin-bound aircraft — potential disruption to incoming guests if passengers were Four Seasons-bound. NTSB investigation underway. Monitor for any guest inquiries about the incident or disrupted itineraries.

FIFA WC Day 7 — England vs. Croatia, Portugal vs. DR Congo: FIFA WC Day 7 (CDT): England vs. Croatia at AT&T; Stadium Dallas — 3 PM CDT (high-profile Group B match; England regarded as tournament favorite); Ghana vs. Panama at BMO Field Toronto — 6 PM CDT; Portugal vs. DR Congo at Houston Stadium — 9 PM CDT. No Iran match today. Argentina 3-0 Algeria and Austria 3-1 Jordan in Day 6 confirmed results — no major unrest from Argentina-Algeria match (some reported

fan tensions at Times Square NYC dispersed by police). Austin watch parties expected at 6th St and Rainey St bars for England match (3 PM) and Portugal (9 PM). Moderate evening foot traffic downtown.

Juneteenth Week — Austin Community Events (June 15-19): Juneteenth observance week continues. Annual Juneteenth Parade scheduled Friday June 19, 9:30 AM - 12:00 PM, East Austin — parade route expected to generate street closures near Rosewood Park area. Austin Resource Recovery seeking volunteers along parade route. Generally peaceful, celebratory events through the week. Juneteenth federal holiday Friday — federal offices closed. Guest inquiries about Juneteenth events should be directed to concierge. Monitor East Austin for any street closure advisories ahead of Friday parade.

2B — Civil Unrest / Protest Activity

Sources: [Fox News — Karmelo Anthony Trial](#), [NJ ICE Facility Arrests — June 17, 2026](#)

'No Kings' — Post-Event Normalization (Texas State Capitol / Congress Ave Corridor (1.1 mi N)) — Congress Ave fully normalized. No organizer follow-on action announced. Monitor Juneteenth-linked social channels for any calls to action. LOW — no imminent action expected.

Iranian Diaspora — MOU Pre-Signing Watch (UT Campus / Downtown Austin (0.5-1.5 mi N)) — No Iranian WC match Wednesday reduces emotional triggers. MOU signing Friday may generate celebratory gatherings near UT/downtown. Generally peaceful — monitor leading into Friday. No organized protest intelligence for Wednesday. Posture can begin normalizing after Friday Burgenstock ceremony if no retaliatory incidents.

2C — National Security Context

- US-IRAN MOU SIGNING FRIDAY: Confirmed Burgenstock, Switzerland. VP Vance and Ghalibaf to sign. Bloomberg draft: oil sanctions waived immediately; \$300B reconstruction fund; naval blockade lifts; Strait of Hormuz fully operational. 60-day nuclear/sanctions negotiation window begins. Text disputed but deal intact. Iranian cyber threat continuing to decline; maintain zero-click posture through Friday.
- FIFA WC DAY 7: England vs. Croatia (3 PM CDT, AT&T; Stadium Dallas) — high-profile match. Portugal vs. DR Congo (9 PM CDT, Houston). No Iranian fixture Wednesday. Day 6 results: Argentina 3-0 Algeria, Austria 3-1 Jordan. Minor fan tensions Times Square NYC after Argentina-Algeria match; dispersed by NYPD.
- EXTREME HEAT — REGIONAL: Extreme Heat Warning issued for portions of South/Central TX Thursday, heat index up to 112°F. Heat Advisory expected for Austin. First major heat event of summer 2026. All outdoor operations require heat safety protocols effective immediately.
- POTENTIAL TC ONE — GULF COAST: Potential Tropical Cyclone One making landfall near TX/LA border (Sabine Pass area) Wednesday/Thursday. Primary impact SE Texas (Houston) and Louisiana — life-threatening flash flooding possible. No Austin impact; tropical moisture and humidity residuals may affect Austin through weekend.
