THREAT LEVEL SUMMARY

Domain	Level	Trend
Physical Security	ELEVATED	Rising
Civil Unrest	MODERATE	Declining
Cyber / Fraud	HIGH	Active
Weather	LOW-MOD	Watch
Travel / Mobility	MODERATE	Active

BOTTOM LINE: Friday threat posture remains elevated but the primary tension driver from yesterday — active U.S.-Iran missile exchanges — has shifted to fragile de-escalation. Trump canceled overnight strikes citing progress at 'highest level' of Iranian leadership; oil fell 2%. Iran's state media disputes a finalized deal — situation remains volatile and cyber retaliation risk stays HIGH. Tonight is USA vs. Paraguay (FIFA WC Group D, 8 PM CDT, Los Angeles) — FBI/FAA enforcement posture is maximum and WC-themed cyber threats are confirmed active at scale: 10,000+ malicious domains, Chinese PRC MitM phishing kit with OTP bypass operational. Karmelo Anthony Day 4: appeal filed, transferred to TDCJ Wallace Pack Unit near Houston — protest intensity declining but social media mobilization remains elevated. Austin event landscape is lighter tonight vs. Thursday. APD tasing-death investigation active (7 officers on leave, Crestview). Weather: high 94°F, heat index up to 101°F, 20% morning shower chance, afternoon clearing. Weekend severe weather risk escalates Saturday–Sunday with cold front Monday.

SECTION 2 — LOCAL THREAT PICTURE

2A — Active Incidents (Past 72 Hours)

Source: [CBS Austin / KEYE](#), [Texas News Now Austin — June 12, 2026](#)

Incident	Location	Relevance
FIFA World Cup 2026 — Day 2: USA vs. Paraguay (Maximum Threat Window)	Los Angeles Stadium, Inglewood, CA (8 PM CDT) / National	HIGH
U.S.-Iran Conflict — Fragile De-escalation (Day 3/Ceasefire Watch)	Washington DC / Iran / Regional (Gulf)	HIGH
Karmelo Anthony Post-Verdict — Day 4 (Appeal Filed / Declining Protest)	Wallace Pack Unit, TX (transferred) / National social media	MODERATE
APD Officer-Involved Tasing Death — Internal Investigation Active	Crestview Neighborhood, N. Austin (Grover/Woodrow Ave)	LOW-MODERATE

FIFA World Cup 2026 — Day 2: USA vs. Paraguay (Maximum Threat Window): USA vs. Paraguay — FIFA WC Group D opener for the United States, 6 PM PT / 8 PM CDT, Los Angeles Stadium, Inglewood, CA. Secretary of State Rubio attending. FBI/DHS drone zero-tolerance (3-mi no-fly zone, \$100K fines) continues. FAA TFRs active at all 11 U.S. host venues. Global terror threat window at maximum for the U.S. home opener. CYBER THREAT CONFIRMED ACTIVE — Arctic Wolf reports 10,000+ WC-themed malicious domains since January; CloudSEK confirms Chinese-origin MitM phishing kit

with OTP bypass targeting fans and event staff (real-time card and 2FA credential capture, 15 active reseller tenants, pixel-perfect FIFA clones). FBI warned of FIFA website spoofing attacks. AUSTIN RELEVANCE: Austin is not a WC host city, but luxury hospitality staff are a credential-harvest target. Enforce zero-click, zero-QR posture for all guest-facing departments. Brief all staff: do not click ANY WC-related links from unverified sources.

U.S.-Iran Conflict — Fragile De-escalation (Day 3/Ceasefire Watch): MAJOR DEVELOPMENT: Trump canceled planned overnight strikes against Iran, citing negotiations reaching 'highest level of Iranian leadership.' Trump posted on social media that 'discussions and final points have been, in both concept and great detail, approved by all parties' and announced naval blockade remains in effect until deal finalized. Iran's state-affiliated Fars News Agency denied any approved agreement text — called Trump's announcement a retreat from military threats. Oil fell 2% (Brent ~\$88/bbl, WTI ~\$86/bbl) on peace optimism, but analysts warn ceasefire could collapse if nuclear talks stall and oil could spike to \$120–130 by late July if Strait doesn't reopen. ISW-CTP assess Iran views the current phase as war, not negotiation — Iran is conducting information operations to magnify political/economic pressure on the U.S. AUSTIN RELEVANCE: Iranian cyber retaliation risk remains HIGH despite diplomatic overtures — Iranian state-sponsored groups historically conduct retaliatory cyber ops against U.S. targets during armed conflict periods. Continue no-click policy. Brief staff: deal is not confirmed — avoid premature assumption of normalized environment.

Karmelo Anthony Post-Verdict — Day 4 (Appeal Filed / Declining Protest): Karmelo Anthony filed notice of appeal Wednesday, claiming he is 'penniless, destitute, and indigent' and requesting court-appointed appellate attorney. The \$615K+ GiveSendGo fundraiser has been taken down following conviction. Anthony has been transferred to TDCJ Wallace Pack Unit near College Station — no longer at Collin County courthouse. Appeal process estimated 18 months. Defense attorney focusing on jury selection (no Black jurors) and trial procedural issues. Rep. Jasmine Crockett and Cardi B continue to amplify racial framing nationally. TXDCJ mugshot released. AUSTIN ASSESSMENT: Initial peak demonstration risk has passed (Days 1–3). Transfer out of Collin County reduces focal point for courthouse protests. Social media mobilization remains elevated but organized gathering risk in Austin is declining. Capitol/Congress corridor: maintain MODERATE watch, lower from MODERATE-HIGH as of this brief. Continue monitoring X and Telegram for Austin-specific organizing.

APD Officer-Involved Tasing Death — Internal Investigation Active: 7 APD officers placed on administrative leave following death of Josh Ryan Trumbull (32) after tasing during arrest Saturday evening near Grover and Woodrow Avenue in the Crestview neighborhood. APD Chief Lisa Davis released body cam footage showing Trumbull was complying when approached; became combative during handcuffing. Officer Justin Wright deployed taser. EMS attempted resuscitation for 38 minutes — Trumbull pronounced dead at scene. Criminal and administrative investigations are underway; no charges pending at this time; toxicology pending. AUSTIN RELEVANCE: This incident combined with the Karmelo Anthony racial-justice social media environment elevates the potential for use-of-force protest activity in Austin. Monitor local social media and news for community response. APD non-emergency: (512) 974-5000.

2B — Civil Unrest / Protest Activity

Sources: [Fox News — Karmelo Anthony Trial](#), [NJ ICE Facility Arrests — June 12, 2026](#)

Karmelo Anthony (Day 4) — Declining / Watch (National / Austin Capitol corridor (monitor)) — Appeal filed; defendant transferred to TDCJ near Houston. Organized protest focal point reduced. Social media sustained at elevated level — Cardi B and Rep. Crockett amplifying racial framing. Austin Capitol/Congress Ave corridor: downgraded to MODERATE watch. Monitor X, Telegram, Instagram for Austin-specific organizing. Exterior staff: non-engagement posture maintained. APD non-emergency: (512) 974-5000.

APD Tasing Death — Community Response Watch (Crestview / Austin-wide (monitor)) — Officer-involved death under investigation. No organized protest confirmed as of 0500. Community response possible, especially given elevated racial-justice social media environment from Karmelo Anthony case. Monitor local Austin social media and news. Combined with Karmelo Anthony amplification: maintain heightened awareness of any spontaneous gatherings downtown or near APD HQ.

2C — National Security Context

- U.S.-IRAN DE-ESCALATION WATCH: Trump canceled strikes — deal possibly 'next few days.' Iran disputes finalized text. Naval blockade remains. Oil fell to ~\$88/bbl. ISW-CTP assess Iran is conducting info operations, not surrendering. Situation fragile.
- FIFA WORLD CUP 2026 DAY 2: USA vs. Paraguay tonight (8 PM CDT). 10,000+ malicious WC domains; Chinese MitM phishing kit operational with real-time OTP bypass. CISA conducting vulnerability assessments at host stadiums/hotels. Global terror threat window maximum.

- KARMELO ANTHONY APPEAL: Notice filed; defendant in TDCJ custody near Houston. Appeal process ~18 months. Racial justice social media amplification continues nationally (Crockett, Cardi B). Both families receiving death threats.
- COLLEGE WORLD SERIES OPENS: Eight-team CWS opens today in Omaha. Texas Longhorns (No. 6) play Saturday vs. Georgia — elevated Austin sports interest. No local venue impact today; Saturday bar/watch party elevated.
- EXTREME HEAT WAVE — NATIONAL: NWS issuing extreme heat advisories across South and East. Austin heat index up to 101°F today. Weekend heat index potentially 103°F before cold front Monday.

SECTION 4 — PROPERTY-SPECIFIC SECURITY REMINDERS

- FIFA WC DAY 2 — CYBER HIGH CONTINUES: 10,000+ malicious WC domains active. Chinese PRC MitM phishing kit confirmed with OTP bypass — can defeat SMS 2FA. Zero-click, zero-QR posture for ALL guest-facing departments. Monitor POS, guest Wi-Fi, and internal network for anomalies. Staff: only access FIFA content from fifa.com directly — no third-party links.
- US-IRAN DE-ESCALATION — CYBER RISK PERSISTS: Trump called off strikes but no confirmed deal. Iranian state-sponsored cyber retaliation risk remains HIGH — these groups historically strike during active conflict AND during perceived diplomatic 'victory' windows. Maintain elevated cyber posture regardless of news headlines. Brief staff: do not assume normalized environment.
- APD TASING INVESTIGATION: 7 APD officers on leave following in-custody death. Combined with Karmelo Anthony social media environment, monitor for spontaneous protest activity near hotel or downtown. Exterior staff non-engagement posture. Any gathering activity: notify security supervisor immediately.
