U.S.-Iran Ceasefire MOU — Signing Imminent (Deal Watch): MAJOR DEVELOPMENT: Pakistan's Prime Minister Shehbaz Sharif — the primary mediator — declared Friday that a 'final, agreed-upon text' of a Memorandum of Understanding (MOU) has been prepared. Iranian FM Araghchi stated the deal 'has never been closer.' A Geneva signing ceremony is anticipated within days. Key deal elements (per U.S. officials): (1) Ceasefire across all fronts including Lebanon; (2) Strait of Hormuz reopening; (3) Lifting of U.S. naval blockade on Iran; (4) Iran commits to nuclear program dismantlement and uranium disposal (60-day negotiation period); (5) Iran stops funding proxy groups; (6) Staged sanction relief and \$24B frozen asset release contingent on performance verification. COMPLICATING FACTORS: Iran disputes deal details publicly while negotiating privately. Trump accused Iran of leaking 'fake' terms. Trump calling Tehran 'very dishonourable.' ISW-CTP assess Iran is conducting information operations to maximize leverage. No deal is signed until it is signed. AUSTIN RELEVANCE: If deal is signed, Iranian diaspora community will react — both celebratory and protest factions possible. Iranian cyber retaliation risk declines significantly upon signing but not before. Maintain elevated cyber posture until signed and Strait reopens. Oil prices: Brent ~\$85/bbl on deal optimism — monitor for travel logistics impacts if oil spikes on deal collapse.

FIFA World Cup 2026 — Day 3 (No U.S. Match; Watch Party Traffic): Saturday WC schedule: Qatar vs. Switzerland (Levi's Stadium, SF, 2 PM CDT), Brazil vs. Morocco (MetLife Stadium, NJ, 5 PM CDT), Haiti vs. Scotland (Gillette Stadium, Boston, 8 PM CDT). No U.S. match today. Austin watch party activity: distributed across sports bars, 6th St, and Rainey St. Brazil vs. Morocco at 5 PM CDT will be the highest-profile watch in Austin given Brazilian community presence. Elevated foot traffic at hotel bar from 4 PM–10 PM. SECURITY NOTE: Pitch invasion attempt at USA-Paraguay last night (LA) was neutralized in seconds. Stadium security responding effectively. German/Bosnian fans arrested at Toronto last night for assaulting police during Canada-Bosnia match. WC CYBER POSTURE: 10,000+ malicious domains remain active. Chinese PRC MitM phishing kit still operational. Maintain zero-click, zero-QR posture for all guest-facing staff through July 19. Next U.S. match: June 16 vs. Australia (next maximum threat window).

Texas Longhorns — College World Series (Georgia vs. Texas, Omaha): Texas Longhorns (No. 6 seed) vs. Georgia Bulldogs at the 2026 Men's College World Series, Charles Schwab Field, Omaha, Nebraska. Game time TBD — typically afternoon slot on ESPN. Austin sports bars elevated foot traffic and watch party activity throughout the day. UT-affiliated groups and Longhorn fans throughout downtown Austin and Sixth Street. No direct security concern but combined with FIFA WC watch parties: elevated bar and restaurant activity across downtown Austin. Monitor for intoxicated guest volumes at hotel bar post-game (~6–10 PM). Valet and rideshare congestion elevated this evening.

Midland TX Mass Shooting — Texas-Wide LE Posture Elevated: A gunman opened fire on Midland Police officers Friday, killing at least one person and injuring 10+ before being killed after a standoff. The shooter refused to surrender. The incident follows a pattern of officer-confrontation incidents in Texas this week (Midland shooting + APD tasing death investigation in Austin). Texas DPS and law enforcement agencies across the state are at an elevated awareness posture. No direct threat to Austin or property, but statewide LE community is processing these incidents simultaneously. Monitor for any local activism or protest response related to police use of force. APD non-emergency: (512) 974-5000.

Karmelo Anthony Post-Verdict — Day 5 (Social Media Declining / Still Active): Day 5 following the 35-year guilty verdict. Key developments: Charleston White — a prominent social media advocate for Anthony — publicly announced he is severing ties with the family, citing fundraiser funds being misallocated. This fractures the support coalition and is likely to reduce organized advocacy energy significantly. Anthony's parents continue seeking new counsel for appeal. Trial judge defended verdict and dismissed bias allegations. Anthony's attorney stated he believes Anthony shows remorse. Social media activity: still elevated nationally but declining markedly as the coalition fragments. No Austin-specific protest activity planned as of 0500. Capitol/Congress corridor: downgraded to LOW-MODERATE watch. Continue reduced monitoring of X and Telegram.

2B — Civil Unrest / Protest Activity

Sources: [Fox News — Karmelo Anthony Trial](#), [NJ ICE Facility Arrests — June 13, 2026](#)

Karmelo Anthony (Day 5) — LOW-MOD / Declining (National / Austin (monitor at reduced level)) —

Charleston White severed ties with family — primary social media amplifier exiting. Coalition fracturing. Protest intensity declining. No Austin-specific gathering planned. Capitol/Congress: LOW-MODERATE watch. Reduce active monitoring frequency. APD non-emergency: (512) 974-5000.

APD Tasing Death / Midland Shooting — LE Use-of-Force Watch (Austin (APD HQ area / Downtown monitor)) — APD investigation ongoing (7 officers on admin leave). Midland shooting adds to Texas-wide LE use-of-force social media conversation. No organized Austin protest confirmed as of 0500. Combined environment warrants continued monitoring of downtown and APD HQ area for spontaneous gatherings.

2C — National Security Context
