Operator Notes:

- NWS CLM data for June 24: high 93°F, low 75°F, mean 84°F (observed at ABIA). WeatherBug shows 97°F with 99°F feels-like.
- Dry and sunny — zero precipitation chance. Dew point ~70–72°F; moderate humidity.
- Wind: S 7 mph through the day, minimal relief for outdoor staff.
- Peak heating window noon–7 PM. Concert arrivals (5–8 PM) overlap with peak heat — outdoor queuing guests at risk.
- Thursday forecast: heat index potentially reaching 105–110°F+. Begin Heat Advisory protocol pre-positioning today.
- Barton Springs Pool open; Austin Aquatics facilities active — elevated outdoor pedestrian volume city-wide.

SECTION 2 — LOCAL THREAT PICTURE

2A — Active Incidents (Past 72 Hours)

Source: [CBS Austin / KEYE](#), [Texas News Now Austin — June 20, 2026](#)

Incident	Location	Relevance
ARIANA GRANDE ETERNAL SUNSHINE TOUR — MOODY CENTER NIGHT 1	Moody Center ATX, 2001 Robert Dedman Dr (1.1 mi NE)	Concert guests may be hotel guests — check-ins, luggage holds, and valet expected at elevated levels through 2 PM. Post-concert late-night F&B; demand expected 10:30 PM–1 AM; confirm bar/restaurant staffing. Valet and door staff: brief on rideshare surge and pedestrian overflow from Red River/E. 5th. Two more nights (Jun 26, Jun 27) — maintain elevated event posture through the weekend.
US-IRAN TALKS INCREASINGLY FRAGILE — TRUMP THREATENS WALKOUT	Washington DC / Islamabad / Geneva (national context)	Low direct threat to Austin operations. Heightened geopolitical instability may affect high-value guest mix — corporate executives, government-adjacent travelers. Monitor federal building perimeter (US Courthouse, Capitol complex 0.5 mi NW) for any protest activity. Oil markets sensitive — if talks collapse, energy price spikes could affect hotel operations costs.

Incident	Location	Relevance
SUSTAINED HEAT EVENT — THURSDAY ESCALATION WATCH	Travis County / I-35 Corridor	Maintain all heat protocols for Day 3: hydration stations at door and valet, shade-break schedules for outdoor staff. Tonight's concert arrivals (5–8 PM) coincide with peak heat window — monitor outdoor queue management. Engineering to confirm HVAC fully operational at all zones before peak heat hours.

ARIANA GRANDE ETERNAL SUNSHINE TOUR — MOODY CENTER NIGHT 1: Ariana Grande's Eternal Sunshine Tour North American leg makes its Austin stop with three nights: June 24, June 26, and June 27 at Moody Center ATX. Tonight is Night 1. Venue capacity ~15,000; show start time 8:10 PM. Tour opened June 6 in Oakland. Austin is the only multi-night Texas stop. Suspicious activity was logged at 2001 Robert Dedman Dr (Moody Center area) at 0432 June 24 by UT PD — routine notation. Expected crowd demographics: primarily young adult female fans; well-organized major touring production. Post-show rideshare surge: 10:30 PM–midnight on I-35 northbound, Red River Corridor, and E. 5th St.

US-IRAN TALKS INCREASINGLY FRAGILE — TRUMP THREATENS WALKOUT: June 24 developments: Trump threatened to abandon Iran negotiations if Iran and Oman impose Strait of Hormuz transit tolls. IAEA Director-General Grossi confirmed nuclear site inspections will occur under the interim deal but stated exact timing is 'not essential.' Pakistani FM Andrabi stated technical working group talks will restart 'next week' (week of Jun 30), with Monday, Tuesday, or Wednesday as possible start dates. Iranian Parliament Speaker Ghalibaf described the Islamabad MOU as 'a declaration of America's defeat.' US Treasury 60-day sanctions waiver runs through August 21. Fragility is increasing: both sides publicly contradicting each other on inspection scope, toll rights, and timing.

SUSTAINED HEAT EVENT — THURSDAY ESCALATION WATCH: Day 3 of sustained heat event. High 93–97°F today; heat index 97–105°F during peak hours. NWS watching for Thursday and Friday escalation — prior forecasts indicated 105–110°F+ heat index Thursday, potentially reaching Heat Advisory threshold. CBS Austin confirms no advisory in effect today but tracking tomorrow closely. Austin cooling centers open at library branches and Parks & Recreation facilities.

2B — Civil Unrest / Protest Activity

Sources: [Fox News — Karmelo Anthony Trial](#), [NJ ICE Facility Arrests — June 20, 2026](#)

No Active Civil Unrest — Downtown Austin (Downtown Austin) — No protest, demonstration, or civil disturbance activity reported or anticipated for June 24 in downtown Austin. Monitor federal building perimeter for any reaction to US-Iran talk developments. Austin housing advocates conducted an overnight vigil recently — no action scheduled downtown today.

2C — National Security Context

- US-Iran diplomatic sprint increasingly fragile on Day 7 of ceasefire — Trump threatening walkout over Strait of Hormuz toll dispute; Iranian parliament speaker calling MOU a 'US defeat.' Technical working group talks expected to restart week of June 30. Oil markets remain sensitive; 60-day sanctions waiver active through August 21.
- Ariana Grande Eternal Sunshine Tour is a major cultural event — 10-city North American leg with 3 Austin nights. Austin is the highest-profile stop in terms of local operational impact (multi-night, ~45,000 total attendees over 3 nights). Tour security protocols are handled by tour management; property focus is on ingress/egress, guest experience, and late-night demand.
- Sustained Texas heat event continues — now in Day 3 at property. No Extreme Heat Warning in effect today but trending toward advisory conditions Thursday. ATC-EMS reports elevated heat-related call volume citywide. Heat risk for outdoor workers and guests remains elevated.

SECTION 4 — PROPERTY-SPECIFIC SECURITY REMINDERS

- **ACTIVATE** full concert egress protocol for Ariana Grande Night 1: brief all valet, door, and concierge staff on post-show rideshare surge 10:30 PM–midnight on Red River Corridor, E. 5th St, and I-35 on/off ramps.
- **CONFIRM** F&B; late-night staffing: bar and restaurant capacity plan for post-concert demand surge 10:30 PM–1 AM.
- **ENFORCE** heat protocols Day 3: outdoor queue management for concert check-in guests arriving 5–8 PM during peak heat. Ensure cold water is available at door and valet stations.
- **MONITOR** hotel check-in volume for Ariana Grande multi-night guests — confirm bell, valet, and front desk staffing is adequate for afternoon surge.
- **BEGIN** explicit pre-positioning for Thursday Heat Advisory: stock cold towels, additional bottled water, and electrolyte supplies at outdoor-facing service points.
- **VERIFY** HVAC and all building systems are running at full capacity before noon peak heat hours.
- **BRIEF** security supervisor on concert venue suspicious activity notation at 2001 Robert Dedman Dr at 0432 (UT PD log, routine); ensure Moody Center liaison is in communication tonight.
- **NOTE:** Ariana Grande runs Jun 24, 26, 27 — no show Friday (Jun 25). Maintain event posture Thursday through weekend.

SECTION 5 — LOOK-AHEADS (Next 48–72 Hours)

Timeframe	Item	Action Required
THU Jun 25	CONTRAX Austin 2026 Day 3 (final day) — Palmer Events Center, 0.4 mi SW. Minor property impact.	No action required; awareness only.
THU Jun 25	NWS monitoring Heat Advisory threshold for Thursday — heat index 105–110°F+ potentially. Confirm escalation protocol with GM and security supervisor.	Escalate Weather to RED if Heat Advisory issued. Activate cooling center referral plan.

Timeframe	Item	Action Required
FRI Jun 26	Ariana Grande Night 2 — Moody Center (8:10 PM, ~15,000+, 1.1 mi NE). Brief full concert protocol for valet/door.	Same egress plan as tonight — Red River / E. 5th rideshare surge 10:30 PM–midnight.
SAT Jun 27	Ariana Grande Night 3 and Grande's 33rd birthday (Jun 26 is birthday, Jun 27 is Night 3). Expect elevated media and fan presence.	Flag for concierge — potential VIP/celebrity guest traffic. Confirm hotel security posture.
SAT Jun 28	Austin FC vs Inter Miami — Q2 Stadium (~20,500, 1.8 mi N). Post-game pedestrian surge N. Lamar / 2nd St.	Plan elevated valet and rideshare demand post-match.
