Operator Notes:

- Today is the second day of the sustained heat event — high 96–97°F, heat index 105–110°F, similar to Monday.
- NWS Area Forecast Discussion warns conditions worsen significantly by Thursday; Extreme Heat Warning expected for Travis County/I-35 corridor.
- Mostly sunny, dry, zero precipitation chance. S winds 10–15 mph.
- Peak heating window: noon–7 PM. Outdoor guest exposure at door, valet, F&B; terrace — maintain hydration protocols.
- Barton Springs Pool reopened June 23 (was closed since Jun 15 flooding). Public pool-goers may transit near property.

SECTION 2 — LOCAL THREAT PICTURE

2A — Active Incidents (Past 72 Hours)

Source: [CBS Austin / KEYE](#), [Texas News Now Austin — June 20, 2026](#)

Incident	Location	Relevance
E. RIVERSIDE AUTZONE MURDER — TWO SUSPECTS ARRESTED (CASE CLOSED)	2237 East Riverside Drive (2.1 mi SE)	RESOLVED — no further at-large suspect threat. Remove from active briefing rotation after this entry. Staff can stand down from previous suspect description awareness posture.
US-IRAN TECHNICAL WORKING GROUPS FORMING — WASHINGTON DC TALKS BEGIN	Switzerland / Washington DC (national context)	No direct threat to Austin operations. Monitor for protest activity near Austin federal buildings (US Courthouse, Capitol complex) as talks generate domestic political reaction. Guest mix may include diplomatic business travelers and journalists covering DC talks.

Incident	Location	Relevance
ONGOING HEAT EVENT — EXTREME HEAT WARNING FORECAST THURSDAY	Travis County / I-35 Corridor	Begin pre-positioning cooling protocol resources for Thursday Extreme Heat Warning. Today: maintain hydration stations for door, valet, and outdoor F&B; staff. Check with engineering that HVAC is fully operational post-Jun 22 outage restoration. Anticipate increased demand for water, cold towels, and shaded waiting areas from guests.

E. RIVERSIDE AUTZONE MURDER — TWO SUSPECTS ARRESTED (CASE CLOSED): APD announced June 23 the arrest of two suspects in the June 15 murder of Jose Salgado-Amador (28) at the AutoZone on E. Riverside Dr. Israel Medina faces capital murder charges; David Perez faces aggravated robbery charges. Both are in custody. Case is resolved. Separate update: Christian Mondragon, 17, now faces a terrorism charge in addition to 19 other charges related to a May shooting spree across Austin.

US-IRAN TECHNICAL WORKING GROUPS FORMING — WASHINGTON DC TALKS BEGIN: US-Iran technical talks concluded Day 1 in Switzerland with four working groups established: Sanctions Lifting, Nuclear Issues, Reconstruction/Economic Development, and Monitoring/Implementation. Iran's position: IAEA cooperation under existing safeguards only (contradicting Vance's claims of 'major milestone' on new inspections). Strait of Hormuz hotline established — Iran says the strait will 'never return' to pre-war status. Israel-Lebanon talks begin today (Tue–Thu) at State Dept and Pentagon in Washington DC. US Treasury waived Iran oil sanctions through August 21, 2026 — oil markets stabilizing.

ONGOING HEAT EVENT — EXTREME HEAT WARNING FORECAST THURSDAY: NWS Austin/San Antonio's long-term discussion forecasts an Extreme Heat Warning for the I-35 corridor (Travis County) likely Thursday and Friday, with heat index values of 113–115°F. Today remains hot (heat index 105–110°F) but below advisory threshold. LCRA weather forecaster confirms heat advisory in place for Hill Country; Central Texas Extreme Heat Warning likely Thursday. Cooling centers open at Austin Public Library branches and Parks & Rec facilities.

2B — Civil Unrest / Protest Activity

Sources: [Fox News — Karmelo Anthony Trial](#), [NJ ICE Facility Arrests — June 20, 2026](#)

No Active Civil Unrest — Downtown Austin (Downtown Austin) — No protest, demonstration, or crowd-action events reported or anticipated for June 23 in downtown Austin. Monitor Austin City Hall (Austin Planning Commission meeting, 6 PM) for any public comment overflow on controversial agenda items. Juneteenth and Pride Month events have concluded for 2026. Watch for any spontaneous reaction near federal buildings to US-Iran/Israel-Lebanon diplomatic activity.

2C — National Security Context

- US-Iran diplomatic sprint — Technical talks producing working groups on nuclear, sanctions, economic reconstruction, and monitoring. Iran's public position contradicts US claims on IAEA access — credibility of deal framework uncertain. Oil markets stabilizing on sanctions waiver through August 21; watch for energy price impacts on hotel/F&B; supply chain costs.
- Israel-Lebanon Washington DC talks (Jun 23–25) proceeding in parallel — US maintaining two separate diplomatic tracks (Vance on Iran; Rubio on Lebanon). Ceasefire fragility remains; any breakdown could trigger Austin-area protest activity near federal buildings.
- Texas heat wave — third week of June 2026 matches or exceeds prior-year extremes. NWS long-term guidance suggests no relief until late June at earliest. Heat-related fatalities tracked statewide; ATC-EMS reporting elevated call volume.

SECTION 4 — PROPERTY-SPECIFIC SECURITY REMINDERS

- UPDATE briefing boards — remove E. Riverside at-large suspect (both arrested Jun 23). Notify valet and door staff that prior suspect description is no longer active.
- MAINTAIN heat protocols for second consecutive day: cold water stations at door and valet, shade-break enforcement for outdoor staff, heat stroke recognition brief at shift changeover.
- BEGIN pre-positioning for Thursday Extreme Heat Warning — confirm cooling supply inventory (cold towels, water, electrolyte drinks), review outdoor F&B; terrace closure threshold policy.
- MONITOR Warehouse District and W 5th St foot traffic around ACL Live pre/post Primus concert (arrive 6–8 PM, depart 10:30–11:30 PM). Valet and concierge should expect some congestion.
- VERIFY HVAC systems are confirmed fully operational post-June 22 power outage — confirm with engineering before peak heating hours (noon–7 PM).
- CONFIRM garage and surface lot CCTV all operational (ongoing post-outage check).
- BRIEF overnight security team: no active at-large threats locally, but heat-related welfare incidents may increase (check on guests who may have overexerted outdoors).
- LOG Barton Springs Pool reopening — expect increased trail and Riverside pedestrian activity; may affect valet lane and street-level congestion at S. Congress.

SECTION 5 — LOOK-AHEADS (Next 48–72 Hours)

Timeframe	Item	Action Required
WED Jun 24	Ariana Grande — Moody Center (7:30 PM, ~15,000+, 1.1 mi NE). Night 1 of 2. Largest event load of the week.	Begin full concert egress brief for valet/door. Expect I-35 / Red River corridor surge 5–11 PM.
WED Jun 24	Tiny Desk Contest On The Road — Emo's Austin (0.8 mi NE, evening). ~400–600 attendees. Minor Red River area impact.	Monitor for pedestrian congestion near E. 6th corridor.
THU Jun 25	EXTREME HEAT WARNING likely — NWS forecasting 113–115°F heat index for Travis County I-35 corridor. Activating Cooling Center protocols.	Escalate Weather threat to RED. Notify GM and security supervisor. Brief all outdoor staff.
THU Jun 25	Ariana Grande Night 2 — Moody Center (7:30 PM, ~15,000+). Combined with Extreme Heat Warning = highest risk event day of the week.	Full event + heat contingency plan activation by 0600 Thu.
THU Jun 25	CONTRAX Austin 2026 Day 3 — Palmer Events Center (final day, 0.4 mi SW).	No significant property impact; awareness only.
SAT Jun 27	Ariana Grande Night 3 (Sat Jun 28) — confirm schedule; Moody Center. Verify staffing.	Coordinate with F&B; on late-night service capacity.
SAT Jun 28	Austin FC vs Inter Miami — Q2 Stadium (~20,500, 1.8 mi N). Post-game pedestrian surge N. Lamar / 2nd St.	Elevated valet and rideshare demand expected post-match.
