Incident	Location	Relevance
NCAA Baseball Super Regionals Game 2 — Texas vs. Oregon (Elimination Game)	UFCU Disch-Falk Field, 1 Nolte Dr (1.8 mi E of property)	HIGH
Monster Jam Sunday Matinee — Moody Center ATX	2001 Robert Dedman Dr (2.3 mi N of property)	MODERATE

NCAA Baseball Super Regionals Game 2 — Texas vs. Oregon (Elimination Game): Texas leads series 1-0 after dominant 11-3 win Saturday night (attendance 8,550 — over capacity). Adrian Rodriguez drove in 5 RBI. Game 2 tonight, 9 PM CT, ESPN. Must-win for Oregon — if Texas wins, series over; if Oregon wins, Game 3 Monday TBD. Late 9 PM start means post-game dispersal will extend past midnight (11:30 PM–1 AM depending on game length). I-35/Red River/6th Street corridor congestion expected from approximately 7 PM through 1 AM. Longhorn nation high-energy — elevated bar and entertainment district activity throughout evening. Brief valet and overnight shift on extended late crowd dispersal. Monster Jam Sunday Matinee — Moody Center ATX: Sunday matinee Monster Jam: Parking 10 AM, Pit Party 11 AM, Doors noon, Show 1 PM. Family crowd 10,000+. UT campus and Guadalupe St congested 10 AM–4 PM with combined event and Sunday brunch traffic. Heat index 103°F makes outdoor queuing hazardous — expect some crowd distress calls in UT corridor. Dispersal 3:30–5 PM will overlap with early Super Regionals pre-event arrivals on I-35. Severe Thunderstorm/Tornado Risk — Travis County: NWS Austin Area Forecast Discussion confirms active severe weather pattern through weekend. Severe thunderstorms capable of large hail, damaging winds (60+ mph gusts), and

isolated tornadoes possible over central Texas through Sunday evening. Heat index at 103°F by afternoon with South wind gusts to 20 mph. Thunderstorms with heavy to excessive rainfall moving from Texas into mid-Mississippi Valley — flash flooding threat elevated given already-saturated ground from Friday night's event. Primary impact window: late afternoon through evening (4–10 PM). NCAA Game 2 (9 PM start) could be delayed or suspended. Coordinate with engineering on outdoor furniture securing protocol.

Toledo Festival Shooting — Soft-Target Pattern Advisory: Multiple people shot Saturday evening near Toledo's Old West End Festival. Large outdoor public festival attack pattern consistent with elevated pre-World Cup soft-target environment. No Austin nexus; reinforces posture for outdoor event crowd awareness at MACC (Day 2), Super Regionals, and any property terrace gatherings. Suspects at large as of filing. Pattern alert: outdoor festivals remain highest-risk venue category nationally.

2B — Civil Unrest / Protest Activity

Sources: [Fox News — Karmelo Anthony Trial](#), [NJ ICE Facility Arrests — June 7, 2026](#)

Karmelo Anthony Trial — Prosecution Rests; Defense Opens Monday (Collin County Courthouse, McKinney TX (~200 mi NE) / Austin monitor) — Saturday was a rare full-session court day (nearly 9 hours). Prosecution rested after 21 witnesses — many teenagers who became emotional on the stand. Key Saturday testimony: Medical examiner Dr. Elizabeth Ventura testified Metcalf was stabbed through the heart (2.5-inch gaping wound, 'not survivable'). One witness testified Metcalf asked Anthony to leave the tent approximately 15 times before stabbing. Defense opens Monday 9 AM — self-defense argument and Frisco ISD 'no policy barring athletes from other teams tents' angle. Anthony faces 5–99 years or life if convicted. Social media polarization extremely high; verdict-reactive demonstration planning active online. Monitor Capitol/Congress Ave corridor and social media through verdict.

MACC Grand Reopening Aftereffect — Rainey Corridor Residual Activity (Rainey Street / 600 River St (0.4 mi NE of property)) — Day 2 of MACC/Waterloo Greenway Confluence reopening weekend. Smaller programming expected Sunday vs. Saturday's grand opening. Residual foot traffic on Rainey Street corridor and hike-and-bike trail remains elevated. No specific unrest indicators; awareness item for pedestrian density on east approach to property.

2C — National Security Context

- FIFA World Cup 2026 — Tournament kickoff June 11 in Los Angeles, New York/New Jersey, and Dallas. T-4 days. FBI/DHS soft-target and cyber advisory window intensifying. Host-city and adjacent hospitality properties on elevated posture. Austin not a host city but elevated threat applies broadly to luxury hospitality.
- Toledo OH Festival Shooting (June 6) — Multiple victims at outdoor festival, suspects at large. Reinforces soft-target threat pattern at public gatherings nationally. Cross-reference: MACC, Super Regionals, Monster Jam all fall within this profile.
- Karmelo Anthony Trial — Prosecution rested Saturday (21 witnesses, 3+ days of testimony). Defense opens Monday. Trial entering critical phase — social media monitoring for Austin-area protest mobilization warranted through verdict.
- Iran/US Geopolitical Tension — Euronews reports Iran-US exchanges and fragile ceasefire condition as of June 6 evening. No direct domestic impact; global instability backdrop contributes to elevated cyber threat environment per FinCEN FIN-2026-A002 advisory.

SECTION 3 — EVENT LANDSCAPE & CROWD INTELLIGENCE

▲ HIGH-IMPACT EVENT TONIGHT: FIFA World Cup Warmup — Saudi Arabia @ Q2 Stadium. FAA TFR active.

Event	Venue	Distance	Est. Crowd	Risk
NCAA Baseball Super Regionals Game 2 — Texas vs. Oregon	UFCU Disch-Falk Field, 1 Nolte Dr	1.8 mi E	8,500+ (capacity+)	HIGH
Monster Jam — Sunday Matinee	Moody Center ATX, 2001 Robert Dedman Dr	2.3 mi N	10,000+	MODERATE
MACC/Waterloo Greenway — Day 2 Weekend Programming	600 River St / Confluence Park	0.4 mi NE	500–2,000	LOW
Sunday Brunch Service Peak	4th Street / Rainey Street / East Austin restaurant corridor	0.2–0.8 mi	Diffuse / high volume	LOW

NCAA Baseball Super Regionals Game 2 — Texas vs. Oregon: Texas leads series 1-0. Must-win for Oregon. Late start means post-game crowd dispersal extends past midnight — heavy 6th Street/East Austin bar and rideshare congestion through 1 AM.

Monster Jam — Sunday Matinee: Parking opens 10 AM. Family crowd. UT/Guadalupe corridor heavy 10 AM–4 PM. 103°F heat index — outdoor queuing hazardous. Dispersal 3:30–5 PM compounds I-35 pre-game traffic.

MACC/Waterloo Greenway — Day 2 Weekend Programming: Day 2 of reopening weekend. Smaller than Saturday's grand opening but Rainey Street corridor remains elevated. Outdoor event subject to storm cancellation.

Sunday Brunch Service Peak: Typical Sunday brunch peak combined with event weekend foot traffic. Elevated jaywalking and pedestrian density on San Jacinto Blvd approach. Rideshare demand elevated.

SECTION 4 — PROPERTY-SPECIFIC SECURITY REMINDERS

- **HEAT PROTOCOL** — Heat index 103°F today. Mandate water/shade rotation for all outdoor staff (valet, door, pool, terrace). Have cold water available at valet stand. Watch for guest distress — pool and terrace areas are highest risk.
- **STORM MONITORING** — Assign one staff member per shift to monitor NWS Austin radar from 3 PM. Know storm shelter locations. Secure outdoor furniture on terrace and pool deck if storm warning issued.
- **VALET** — Surge windows: 10 AM–Noon (Monster Jam pre-event), 3:30–5 PM (Monster Jam dispersal + early Super Regionals arrivals), 7:30–9 PM (Game 2 pre-event), 11 PM–1 AM (Game 2 post + bar close). Pre-position overnight staff for late dispersal.
- **LATE-NIGHT PROTOCOL** — Game 2 post-game dispersal expected 11:30 PM–1:00 AM. Brief overnight front desk and security on elevated pedestrian traffic on San Jacinto Blvd approach from east. Firm lobby access protocol.
- **GUEST ROUTING** — Advise guests: avoid I-35/Red River corridor 7–9 PM and UT/Guadalupe 10 AM–4 PM. Disch-Falk post-game: avoid Red River northbound 11 PM–1 AM. Recommend Cesar Chavez or Congress Ave routing.
- **CYBER HYGIENE** — FIFA WC advisory window: 4 days to June 11 tournament kickoff. Elevate staff awareness on phishing/QR code fraud to F&B, concierge, and front desk teams. Report any anomalous POS behavior immediately.
